

YOUR 2020 BACK2SCHOOL IMPACT REPORT

HOW YOUR DONATIONS HELPED

1,200+

local students received
a new backpack full
of new school supplies

STUDENTS

VOLUNTEER HOURS

228

hours volunteered
by 103 volunteers
to give kids a better
learning experience

4,800

notebooks distributed to
keep dramatic short stories,
wacky science experiments,
and funny doodles

NOTEBOOKS

Why Did You Volunteer This Year?

"I love to help out the community. Being able to give what I can and help those in need is just a really rewarding experience." - Alexis B.

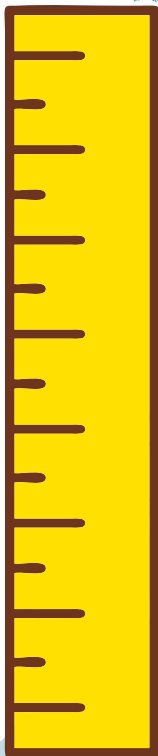

"Because everyone deserves to start school with the right materials." - Kathy F.

WANT TO CHANGE A KID'S WORLD EVERY DAY?

Join the Community Sustainers for as little as \$7 per month.

YOU RULE!

Normally when summer rolls around, we are eagerly gearing up for a new school year. This time, we all held our collective breath, unsure of whether or not school would be virtual, in-person, or a mix.

This pandemic has tested us in ways we could never have imagined. Every aspect of this drive had to be reimaged. From how we accepted supplies to how we would utilize volunteers and space them out.

As the weeks rolled by, we were constantly amazed at the outpouring of support from the community.

Even in a pandemic, this community will go the extra distance to ensure kids in our community can start the school year with the supplies they need to succeed.

By our measure, you're pretty awesome.

Thank you to all of our Back2School donors and volunteers, with special thanks to:
